

ARKANSAS INDUSTRIAL FABRICATORS

With over 25'000 sq feet of climate controlled fabrication facilities, We are able to provided the following.

Certifications: AWS Supporting Member, AWS Welding Facility

Services:

- Heavy structural fabrication
- Material processing equipment
- Material handling & conveying
- Mill and mine equipment
- HVAC thru heavy duct
- Extrusion welding of plastics and linings
- Mechanical
- Jig and fixturing
- Precision fabrication
- CNC/NC machine shop services

Equipment line sheet:

- 150 ton CNC press brake
- ¼" x 10' NC shear
- 5/8" cap plate rolling
- 200 Amp high def CNC plasma (2" capacity)
- 80 ton punching capacity
- 4 – 400 amp Miller boom welders (calibrated)
- 6 – 300 amp Miller/Hobart portables
- 1-350 amp Cobramatic aluminum system
- 1- Miller 300 amp TIG
- 1-Thermadyne 300 amp portable
- 1-Dohle plastic extrusion welder
- HAAS CNC Mill / HAAS CNC Lathe
- 3-NC Lathes
- 5-NC Mills
- 1-Wet grinder 8" x 30"
- 1- dry grinder 6" x 16"
- 2-Heat treat ovens
